## Product Description

### Factory Price Wood Easy Installation Thickness 5/8mm PVC Marble Bamboo Fiber Wall Panel

PVC Marble Bamboo Fiber Wall Panels are available in 5mm or 8mm thicknesses and the installation process is very simple, they can be applied directly to the wall using a structural adhesive, roughing right up to the wall. The surface of the wall panels is made from a durable PVC material and can be used in wet areas or for interior decoration. Bamboo fiber is added to the wall panels to add a natural element, which has the advantage of removing odors and being environmentally friendly and formaldehyde-free, which is favored by environmentally conscious people. The marble pattern makes the wall panel look elegant and luxurious. The combination of bamboo fiber and marble pattern creates a unique and visually appealing wall paneling that enhances the overall aesthetics and is suitable for various styles of interior design. Suitable for hotels and hotels, meeting rooms, bedrooms, kitchens, bathrooms and so on.
