## Product Description

### Bamboo Charcoal Carbon Crystal Panel Waterproof PETG High Gloss Mirror Wall Panel

PETG high light mirror wall panel is the integration of bamboo carbon crystal, PETG, high light mirror and waterproof technology, forming a harmonious integration of elegance and innovation. Each element plays a vital role in creating a wall panel that is not only visually attractive but also functionally superior. The air purification properties of bamboo charcoal improve indoor air quality, while its visual texture adds depth and personality to the panels. This blend of elegance and functionality resonates with people's desire for healthy living Spaces. The mirror expands the visual space and makes the room feel larger and more inviting. The high-gloss surface adds a layer of luxury, reflecting light and creating an affluent atmosphere. The panel's water resistance enhances its durability and adaptability. It becomes a versatile solution for Spaces that require both elegance and moisture. From the bathroom to the kitchen, the panels meet practical needs while maintaining appeal.
