## Product Description

### New Products Interior Decorative Metal Wall Panels Mosaic Bamboo Charcoal Wood Veneer Panels

Metal mosaic bamboo charcoal wood veneer panel is a new type of decorative material, which combines the metal outer film and wood panel to create a unique aesthetic effect. Metal mosaic bamboo charcoal bamboo veneer wood veneer panel is a natural bamboo charcoal environmentally friendly panels, can do "no odour", and because of the addition of bamboo charcoal components, with bamboo charcoal environmental protection characteristics, completely and fundamentally eliminates the traditional bamboo charcoal wall panels are not environmentally friendly, formaldehyde-containing drawbacks. Metal mosaic bamboo charcoal bamboo wood veneer panels have good compressive strength and abrasion resistance, strength is much higher than other man-made panels, metal mosaic wood veneer panels are waterproof and moisture-proof, anti-aging, anti-ultraviolet, acid and alkali resistance, antibacterial and antibacterial properties. It is made of single wood fibres cured with polymers, so it has good physical and mechanical properties, such as compressive strength and impact resistance, as well as good recyclability. It is resistant to oils, dirt and stains, easy to clean and has a service life of more than 30 years. It does not contain harmful substances such as formaldehyde, ammonia and benzene. Non-toxic, odourless, non-polluting, in line with national environmental standards and European standards. Suitable for human living environment, recyclable and green. Suitable for hotels, exhibition halls and other public buildings. Can also be used for interior decoration, wall, ceiling and back wall finishes.
