Product Description

Interior Decoration Eco-Friendly Wood Grain PVC Wood Veneer Wall Paneling

Bamboo charcoal wood grain wood veneer is made with high-tech technology, it is a unique combination of bamboo wood fiber and new type of plastic with recyclability and stability, providing the best 100% environmentally friendly, waterproof/fireproof, flexible and non-deformation options for interior decoration. Wood veneer veneer wood veneer by natural wood or technology wood planing and cutting, natural texture, solid wood and three-dimensional sense of strong, obvious levels, warm in winter and cool in summer, suitable for human living requirements and ornamental needs, the use of wood grain wood veneer wall panels can be used for indoor space to add a sense of nature and a sense of warmth, so that people feel very comfortable and natural. Wood veneer is able to wear scratch-resistant and easy to bend the edge of the decorative wood veneer panels, can be installed directly on the blank wall, the construction is simple and convenient, easy maintenance is also easy to save a lot of installation time. In the test of domestic testing organizations, the environmental grade of the panel reached E0 level, flame retardant grade B.

Specification

Item	Value
Material	Bamboo Charcoal Wall Wanel
Size	1220*2440/2600/2800/3000*5/8mm
Length	Customer's Demand
