EXCELLENT PERFORMANCE, HIGHLIGHT THE QUALITY

Premium film paper
Nano level thickness 14 silk film, with realistic and wear-resistant patterns

Moisture-proof
Solve problems such as mold peeling and cracking in traditional decoration

Flame retardant
B1 level fire prevention, fire retardancy, self-extinguishing after ignition

TEST REPORT

Speak with authority
Quality assurance Trustworthy

Product Description

Waterproof And Easy To Install Marble Wood Veneer Panels Interior Decorative Wall Panels New Products Marble Wall Panels

In the ever-changing world of interior design, materials play an important role in determining the aesthetics and ambience of a space. Of the many materials available, marble, bamboo and charcoal veneers are the ones that best combine modernity with timelessness. Marble has long been a symbol of luxury and opulence. The layered texture of marble mimics natural stone, and its distinctive grain and glossy surface appeal to artists and architects. Marble is available in a wide range of colours and finishes, giving designers the opportunity to experiment and create captivating focal points in a space. Whether decorating floors, countertops or walls, marble exudes luxury that complements traditional and contemporary aesthetics. Bamboo charcoal has the innate ability to absorb impurities and toxins from the air, and is highly sought after in this age of pollution concern. This material can be used in products such as air purifiers, air fresheners and even textiles to ensure a healthier living space for residents.

Specification

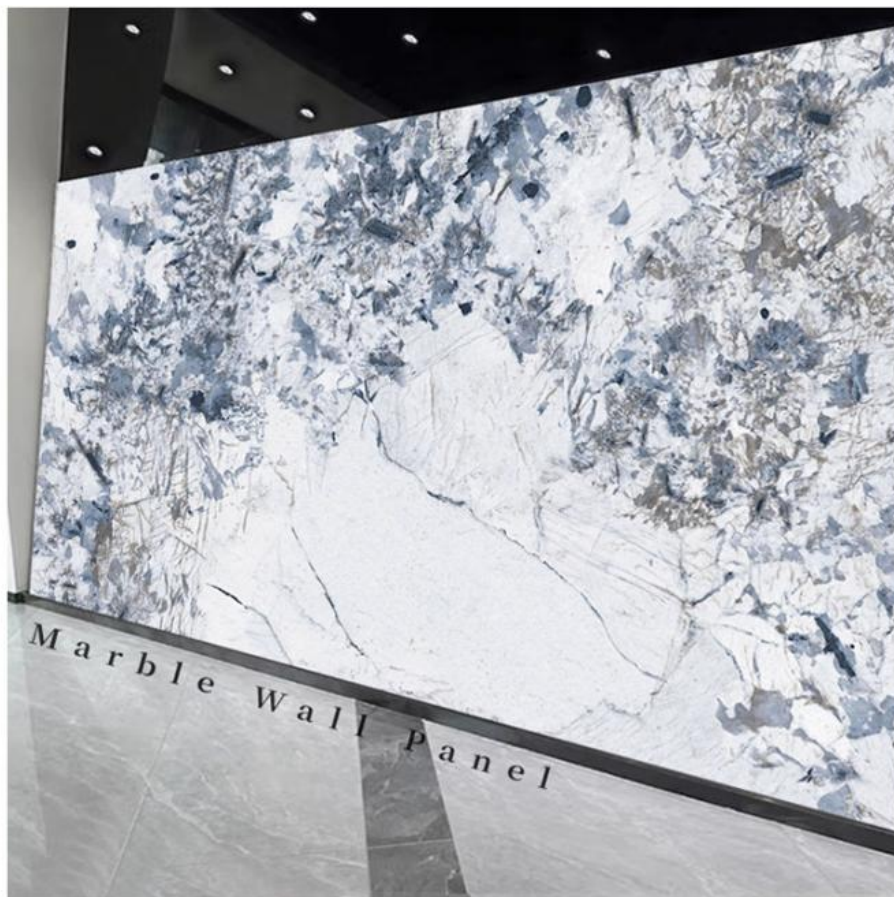

Item	Value
Material	Bamboo Charcoal Wall Wanel
