Product Description

High quality Environment Friendly wall panels wall interior PET marble wall panel

Marble Bamboo Crystal Plank Veneer is a decorative material with marble texture and bamboo textured veneer. It combines the elegance of marble with the natural beauty of bamboo to add unique style and warmth to interior spaces.

This panel usually consists of two layers of material: the top layer is a faux marble textured film that simulates different types of marble textures, such as white marble, black marble, gray marble, etc.; the bottom layer is a solid wood panel, usually made of bamboo or other natural wood.

Marble bamboo crystal board wood veneer panel has the following characteristics:

Aesthetics: The imitation marble texture on the surface makes it look noble and elegant, while the bamboo wood texture on the bottom layer gives it a natural and cozy temperament.

Durable: The surface layer is made of special film material, which is wear-resistant and scratch-resistant, and can maintain a good appearance for a long time.

EASY TO CLEAN: The surface of the marble bamboo crystal board wood finish panel is smooth and flat, very easy to clean, just wipe it with a damp cloth.

Environmental protection: the bottom layer of bamboo and other natural wood, with environmental characteristics, in line with the modern pursuit of green.

Easy to install: marble bamboo crystal plate wood veneer panel using paste or nails and other ways to install, the installation process is simple and convenient.

Marble Bamboo Crystal Board Wood Veneer is widely used in the field of interior decoration, such as homes, commercial spaces, hotels, offices, etc. It can be used for walls, ceilings, floors, furniture and other decorative purposes. It not only adds beauty to the space, but also enhances the overall comfort and quality.
