Product Description:

Bamboo Charcoal Wood Veneer

The Bamboo Charcoal Wood Veneer is a high-quality and environmentally friendly wood sheet that is perfect for modern and luxurious interior design. Made from natural bamboo charcoal, this product offers both durability and aesthetic appeal.

Length Options

The Bamboo Charcoal Wood Veneer comes in various lengths, including 2.44, 2.6, 2.8, 3, 3.2, 3.4, and 3.6 meters. We also offer customized lengths to fit your specific needs and design preferences.

Glue: PUR Glue

We use PUR Glue, a high-quality and durable adhesive, to ensure that the bamboo charcoal wooden panel is securely bonded and long-lasting.

Modern Design

The Bamboo Charcoal Wood Veneer features a modern design that will elevate any interior space. Its sleek and clean lines make it a perfect choice for contemporary and minimalist designs.

Natural and Environmentally Friendly

Our wood sheet veneer is made from natural bamboo charcoal, which is a renewable and sustainable resource. It is also free from harmful chemicals, making it an environmentally friendly choice for your home or office.

High Quality and Luxurious

The Bamboo Charcoal Wood Veneer is crafted with the highest quality standards, ensuring its durability and luxurious appearance. It adds a touch of elegance and sophistication to any space.

Durable

Our wood sheet veneer is highly durable and can withstand daily wear and tear. It is scratch-resistant and easy to maintain, making it a practical and long-lasting choice for your interior design.

Conclusion

In summary, the Bamboo Charcoal Wood Veneer is a modern, natural, and high-quality product that will enhance the beauty and elegance of any interior design. With its various length options, PUR Glue, and sleek design, it is the perfect choice for those looking for a luxurious and environmentally friendly wood sheet veneer. Trust in our product to bring a touch of nature and sophistication into your space.

Bamboo Charcoal Wood Veneer - ZhuoKang

Brand Name: ZhuoKang

ZhuoKang is a leading manufacturer and supplier of high-quality bamboo charcoal wood veneer. Our products are known for their durability, eco-friendliness, and unique design.

Model Number: bamboo charcoal wood veneer

Our bamboo charcoal wood veneer is available in various models and sizes to meet the diverse needs of our customers. Each model is carefully crafted to provide a perfect blend of functionality and aesthetics.

Place of Origin: China

All of our bamboo charcoal wood veneer products are proudly made in China, using only the highest quality materials and production techniques. We are committed to providing our customers with the best products at competitive prices.

Feature: Waterproof, eco-friendly

Our bamboo charcoal wood veneer is treated with a special waterproof coating to ensure maximum protection against moisture and humidity.

We use only sustainable and eco-friendly materials in the production of our bamboo charcoal wood veneer, making it an environmentally responsible choice for your home or office.

Usage: Office Building, Living Room, Dining Room, Bedroom, School, Supermarket, etc

Our bamboo charcoal wood veneer is suitable for a wide range of applications, including office buildings, residential spaces, educational institutions, and commercial establishments. It adds a touch of elegance and sophistication to any room.

Function: Moisture Proof, Waterproof

Our bamboo charcoal wood veneer is designed to provide excellent moisture-proof and waterproof properties, making it ideal for use in areas with high humidity levels. It also helps prevent the growth of mold and mildew, ensuring a healthy and safe environment.

Fire Rating: Level B

Our bamboo charcoal wood veneer has been tested and certified with a level B fire rating, which means it has a high resistance to fire and is considered safe for use in commercial and residential buildings.

Length: 2.44/ 2.6/ 2.8/ 3/ 3.2/ 3.4/ 3.6 M Or Customized

We offer a range of standard length options for our bamboo charcoal wood veneer, but we can also customize the length to meet the specific requirements of your project. Our team will work closely with you to ensure you get the perfect fit.
