1.2m extra wide customized height

Customizable

1.22m*2.44m*2.6m*2.8m*3m*3.6m*3.8m*4m (unlimited extension)

Product Description:

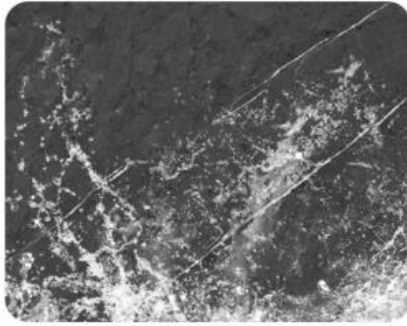

Our Bamboo Charcoal Wall Board is available in a range of lengths, including 2.44m, 2.6m, 2.8m, 3m, 3.2m, 3.4m, 3.6m, and can be customized to suit your specific needs. The width of the board is 1.22m, making it easy to install and handle.

One of the most impressive attributes of this product is its fire rating. With a Level B fire rating, it provides excellent fire resistance and safety, making it a great choice for commercial and residential properties.

Our Bamboo Charcoal Wall Board also boasts a range of other features, including its tight splicing or metal profile splicing method, which ensures a seamless finish. Plus, it is waterproof and fireproof, making it ideal for use in high-moisture or high-heat areas.

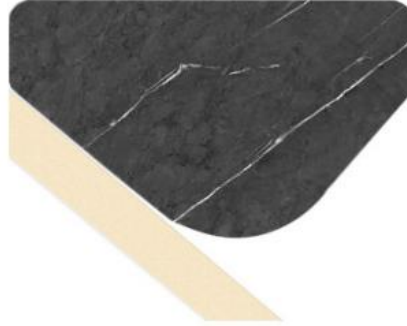

Investing in our Bamboo Charcoal Wall Board is not only a smart choice for your property, but also for the environment. By choosing an eco-friendly product, you can reduce your carbon footprint and contribute to a more sustainable future.

Applications:

The Bamboo Charcoal Wall Board is an ECO-friendly product that is designed for different application occasions and scenarios. It is available in different sizes ranging from 2.44m to 3.6m, and the width is fixed at 1.22m. The splicing method is either tight splicing or metal profile splicing. The product comes in customized colors, and the minimum order quantity and price are negotiable. The packaging details include pallet and carton packaging.

The Bamboo Charcoal Wall Board is an ideal product for interior decoration in homes, offices, and public spaces. The product is waterproof and fireproof, making it perfect for use in bathrooms, kitchens, and other areas where moisture and fire are a concern. The product is also soundproof, making it perfect for use in music studios, conference rooms, and other areas where sound quality is important.

The Bamboo Charcoal Wall Board is also suitable for use in outdoor applications, such as building facades and garden walls. The product's waterproof and fireproof qualities make it ideal for use in all weather conditions. The product's natural bamboo fiber texture adds a unique and natural touch to any outdoor space.

The Bamboo Charcoal Wall Board is easy to install and maintain. The product's tight splicing and metal profile splicing methods make it easy to install and remove without damaging the product. The product can be cleaned with a damp cloth and mild detergent, making it easy to maintain its natural and beautiful appearance.

In summary, the Zhuokang Bamboo Charcoal Wall Board is a versatile product that can be used in a wide range of application occasions and scenarios. It is an ECO-friendly product that is waterproof and fireproof, making it perfect for use in both indoor and outdoor settings. The product is easy to install and maintain and comes in customized colors to match any decor. Contact us today to discuss your project requirements and to receive a quote.
