Product Description

Product Description:

Our bamboo charcoal wooden panel is made using PUR glue, ensuring a secure and long-lasting bond. The thickness of our panels is either 5mm or 8mm, giving you the option to choose the perfect thickness for your project. Additionally, our bamboo charcoal wood veneer is fire-resistant, providing an extra layer of safety for your space.

One of the most appealing aspects of our bamboo charcoal wood veneer is its versatility in color. We offer a variety of options to choose from, including customer requirements or color cards. This allows you to customize your panel to perfectly match your design vision.

Our bamboo charcoal wood veneer is not only beautiful but also offers a range of benefits. Bamboo charcoal is known to have natural purifying and deodorizing properties, making it an excellent choice for spaces where air quality is a concern. Additionally, the use of bamboo wood fiber and other sustainable materials make our product an eco-friendly choice.

Choose our Bamboo Charcoal Wood Veneer for a unique and sustainable option for your interior design projects. Whether you're looking for a wood charcoal bamboo marble panel or a bamboo charcoal wooden panel, our product offers both beauty and functionality. Contact us today to learn more.
