FIREPROOF

Fireproof and flame-retardant, self extinguishing within three seconds after leaving the fire. When encountering an open flame, SPC flooring can effectively prevent the spread of the fire and will not produce a large amount of smoke and toxic gases.

HIGH WEAR RESISTANCE

Has high hardness and wear resistance. It can effectively resist the wear and tear caused by daily walking, furniture movement, heavy object dragging, etc. on the floor, and can still maintain good appearance and performance after long-term use.

PRODUCT ADVANTAGES

GOOD WATERPROOFING

100% waterproof, suitable for use in bathrooms and toilets, will not deform, mold or rot due to moisture absorption, effectively extending the service life of wall panels and reducing maintenance costs in the later stage.

EASY TO CLEAN

Using special materials, the surface will not penetrate stains or absorb dust, and can be cleaned as clean as before with a gentle wipe, maintaining a smooth and beautiful appearance.
