Product Description

Product Description:

The decorative wall panels bamboo charcoal is perfect for use in different settings such as office buildings, living rooms, dining rooms, bedrooms, schools, and supermarkets. The modern design of the wood sheet provides a perfect combination of elegance and functionality, making it suitable for any interior design concept.

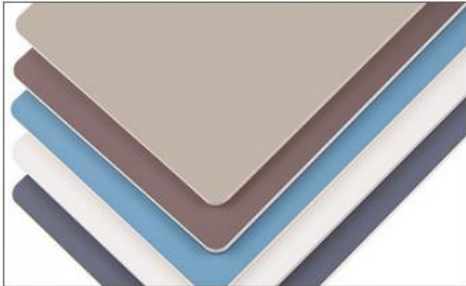

The wall panel bamboo is resistant to fire and has a B2 rating. This means that it has a high resistance to fire and can help prevent the spread of flames in case of a fire. This feature makes it ideal for use in public spaces such as schools and supermarkets where safety is a top priority.

The Bamboo Charcoal Wood Veneer is made using PUR glue which is a high-quality adhesive that provides a strong bond. This ensures that the wood sheet is durable and long-lasting, making it ideal for use in high traffic areas. The PUR glue also ensures that the wood sheet is resistant to moisture and can withstand changes in temperature and humidity.

Overall, the Bamboo Charcoal Wood Veneer is an excellent choice for anyone looking for a modern and stylish wood sheet that is suitable for use in a variety of settings. Its fire resistance, durability, and versatility make it a great choice for furniture, wall paneling, and cabinetry. Whether you are looking to create a modern office space or a stylish living room, the Bamboo Charcoal Wood Veneer is the perfect choice for you.
