Product Description

PET Water Ripple Bamboo Charcoal Fiber 3D Wall Panel PVC Wood Veneer Foam Board

Lightweight and luxurious, the Water ripple Wood Veneer Wall Panel features an attractive watery design that enhances interior aesthetics while being fire, water and moisture resistant, creating a safe and luxurious environment. Wood veneer wall panels feature a subtle water ripple design that adds visual depth and appeal to the wall. The unique texture creates a captivating effect and enhances the beauty of the space. The combination of elegance and sophistication brings a sense of modern refinement to the living space. The wall panels are fire and heat resistant. They provide excellent fire protection for a high level of peace of mind. Practically designed wall panels are also water and moisture resistant. They are effectively waterproof to ensure longevity and prevent moisture-related problems. Buying our wall panels directly from the factory saves money and improves quality. Experience the convenience and affordability of factory direct sales. Designed to be easy to install, saving installation time and effort, and with a low-maintenance surface that ensures worry-free cleaning, the wall panels add elegance and practicality to interior design, creating a unique style ambience that enhances the appeal of a space. The product combines beauty, flexibility and the glamour of a waterfall design to enhance interiors.
